# STOCKING STUFFERS

## MERIDIAN EXPLORER 2 DAC, \$299

Meridian's new Explorer<sup>2</sup> is the successor to the popular and widely acclaimed Explorer pocket USB DAC. Featuring a dramatically increased complement of DSP, Explorer<sup>2</sup> is able to incorporate the full suite of Meridian's audio enhancement technologies to provide a more realistic, natural sound than ever before.

## AUDIOQUEST DRAGONFLY USB DAC 1.2, \$149

DragonFly is a sleek, flash drive sized Digital-Audio Converter that connects to a USB jack on a Mac® or Windows® PC, turning any computer into a true high-fidelity music source. Among the improvements in version 1.2, the circuitry between the DAC chip and the analog output stage has been refined to create a more direct signal path, leading to even greater transparency and immediacy. Also, the DAC's power supply has been fortified, which gives the sound more "grip," and even greater dynamic contrast.

## ACOUSTICSHEEP SLEEPHONES WIRELESS, \$99.95

SleepPhones® Wireless are traditional headphones made bed-friendly and cord-free! Unplug and unwind with our ultra-slim, patented soft and comfortable "headphones in a headband" that make listening to audio in bed a dream. This model utilizes Bluetooth® technology to wirelessly connect with compatible devices so you never have to worry about getting tangled up in cords. Available in Black, Gray (shown), Lavender, Pink, or Blue.

## AUDIOQUEST JITTERBUG, \$49.99

JitterBug's dual-circuitry measurably reduces unwanted noise currents and parasitic resonances. It also reduces jitter and packet errors (in some cases, packet errors are completely eliminated). The Result: Clearer and more compelling sound, music, and dialog, and a better audio experience.

# ROCKIN' AROUND

## **BOWERS & WILKINS 800 SERIES DIAMOND**

The new 800 Series Diamond didn't get better by chance it got better by change. 868 changes to be precise. For almost fifty years Bowers & Wilkins has been pursuing the perfect speaker: one that could reveal sound truthfully. With the new 800 Series Diamond they have taken their most ambitious steps in achieving that vision. Every component of the speaker has been reinvented from drive unit materials and cabinet design all the way to the position of the screw fixings. Have they realised True Sound? Come and experience it for yourself at Gramophone.

**NEW**

## **BOWERS & WILKINS 803 D3**

The 803 D3 is the first of its kind: a full-range, studio-quality speaker built for the home, and the most compact headed unit we've ever produced. While this elegant speaker comes in a living room-friendly size, it shares the same revolutionary technologies and design features as its larger siblings, including our turbine head and reverse-wrap cabinet.

## **BOWERS & WILKINS HTM2 D3**

The HTM2 D3 is the perfect partner for the smaller speakers in 800 Series Diamond range. Boasting Diamond dome tweeters, Continuum and Aerofoil cones, crystal clear sound is guaranteed.

## **BOWERS & WILKINS HTM1 D3**

The HTM1 D3 is the perfect centre speaker to partner either the 800 D3 or 802 D3 in a breathtakingly realistic home theatre system. Its combination of Diamond domes, Continuum cones and Aerofoil bass drivers delivers pristine dialogue and natural, realistic music.

**SEE STORE FOR TRADE-IN OPPORTUNITIES!**

### **BOWERS & WILKINS 804 D3**

It might have a more traditional appearance than other speakers in the range, but don't let that fool you. The 804 D3 delivers incredible acoustic transparency, thanks to unique 800 Series Diamond features such as our Continuum cone and augmented Matrix bracing system. So while its looks may be conventional, its performance is anything but.

### **BOWERS & WILKINS 802 D3**

If you're looking for stunning realism without the studio-sized footprint, the 802 D3 is the answer. It's slim proportions make it a comfortable fit for both domestic spaces and recording environments. At home or in the studio, it will reveal depth and detail in music you never knew existed.

### **BOWERS & WILKINS 805D3**

The smallest speaker in the 800 Series Diamond range is also one of the most ground-breaking. Packed with cutting-edge technologies never seen before in a speaker of its class, it's the only stand-mounted speaker in the world to feature a diamond dome tweeter. For lifelike spaciousness and detail, no other small speaker comes close.

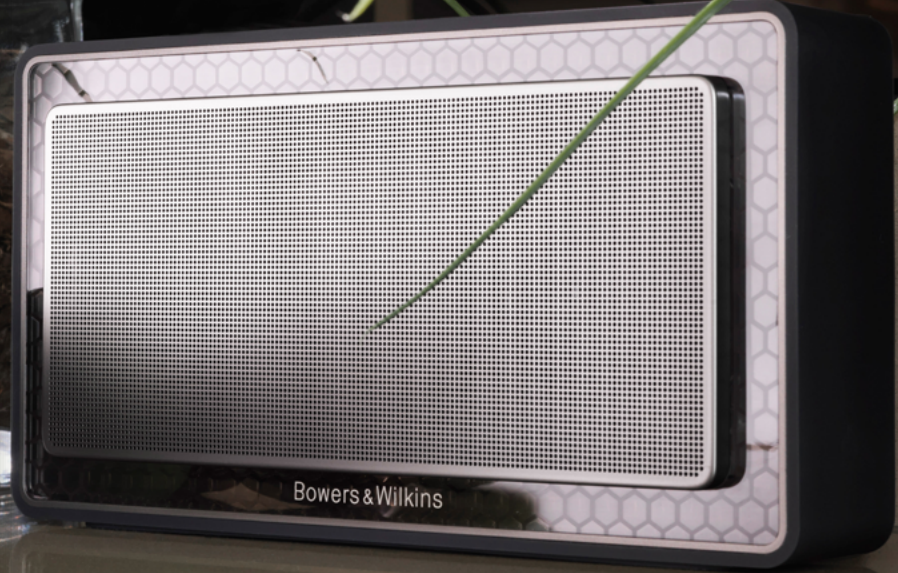

**36 MONTHS NO INTEREST FINANCING ON ANY B&W 800 SERIES PRODUCT!**

Cannot be combined with other offers. See store for more details.

# UNDER THE TREE
