

Summer Upgrades & the New Normal

WE CARE.

Since we began adapting our lives to the “new normal” in 2020, The Kitchen Design Center of Maryland (KDC) has let “care” drive our decisions: care for our customers, care for our team members, and care for our community.

Is now a good time to begin a renovation?

We believe that our approach of using the finest on-staff trades and trusted professionals allows us to tightly monitor conditions: the health and wellness of our staff, prep your jobsite with devices such as plastic barrier walls, exhaust & ventilation systems, blankets, and sanitation systems. KDC has continued working extremely hard on projects, starting many new basements, home gyms, offices, kitchen, and bathroom renovations. Our teams are working in person by appointment in our showrooms, in-home and virtually to protect our clientele. We continue to secure preferred pricing, financing, and promotions at this time – which will likely dry up as 2020 evolves and pent up consumer demand exists

Project Financing Simplified

Financing options to meet your project needs.

Key benefits*:

- Fast, and secure application process
- Low monthly payment options
- Flexible terms from 12 months to 12 years

Did you know?

We offer outdoor landscape lighting solutions, lighting design, and full service Electrical including installing generators & lighting fixture upgrades!

Has Pinterest piqued your Interest?

Let us help you bring those idea boards to life! Our teams can design & install updated, beautifully functional kitchen, bath & home office spaces.

We are open for one-on-one consultations.

Our design staff can meet you in person in our showroom or your space, all while utilizing COVID-19 precautions. Video conferences are also available.

Stop Dreaming. Start Living!

What's new?

During our closure to walk-in traffic we have utilized this time to freshen up our space. We are adding plumbing, hardware, countertop, and backsplash tile wall displays! We also added a DuraSupreme (Made in the USA) Cabinetry selection center. We strongly believe in education and have provided significant continued training for our staff. We have hired additional seasoned Design & Construction industry professionals to make your project stunning and an awesome experience for you.
